Introduction

On March 2, 2004, the voters of the San Bernardino City Unified School District approved Measure T by a yes vote of 61.4%. Measure T provided for capital facilities bonds in the amount of \$140 million. Bond funds are being used in conjunction with available State bond and local funding to maximize the number of projects that can be accomplished. The Measure T bonds were planned to be issued in four separate series. As of this report, all four of the series have been issued. The first series, Series A, was sold in

September 2004 and was used primarily to pay off Certificates of Participation used to construct school facilities. The Series B was sold in May 2006, Series C was sold in May 2007 and Series D was sold in March 2011 to fund new campuses, modernizations, SDC additions and other facilities upgrades. This report summarizes the spending of Measure T Bond funds since its inception in 2004 through October 2011. Cost reported may be subject to change as fiscal year Proposition 39 audits are completed.

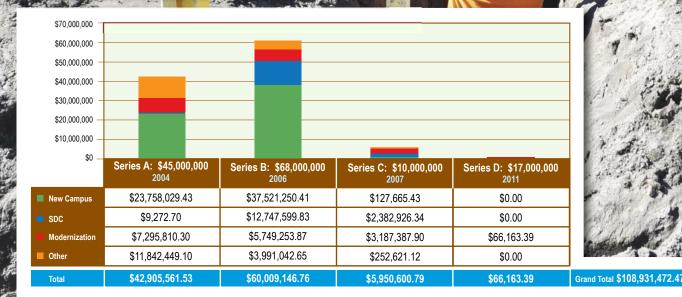

Bond Issue Status

To date, the \$140 million of Measure T approved bonds have been sold in four series. Series A was issued in 2004 for \$45 million, Series B was issued in 2006 for \$68 million, Series C was issued in 2007 for \$10 million, and Series D was issued in 2011 for \$17 million. Of the \$140 million, approximately \$31 million remains to be spent on active construction projects.

Bond Spending by Issue

A total of \$108.9 million of the sold Measure T bonds has been spent as of October 2011. The chart below indicates the amount spent by issue for each of the four project types (New Campuses, Special Day Classroom (SDC) Additions, Modernizations and Other). Approximately \$61.4 million of the expenditures have been made for the New Campus projects including Anton Elementary School, Chavez Middle School, Curtis Middle School, Jones Elementary School, Rodriguez Elementary School, Wong Elementary School, Captain Leland F. Norton Elementary School, Dr. Mildred D. Henry Elementary School, George Brown Jr. Elementary School, Graciano Gomez Elementary School, H. Frank Dominguez Elementary School, Indian Springs High School, Little Mountain Elementary School, Middle College High School, and Pakuma K-8.

Bond Issue and Spending

Bond Spending by Project and Issue

The following tables indicate a breakdown of the \$108.9 million in bond expenditures for each project type (New Campuses, Special Day Classroom Additions, Modernizations and Other) by bond issuance and are listed alphabetically by school name. Bond funds were expended for more than one hundred projects. In many cases, these bond expenditures have been leveraged against matching funds from the State and local Developer Fees.

Bond Spending by Project Type

Bond Spending by Summary Account

Bond Spending by Project and Summary Account

The table below indicates a breakdown of the \$108.9 million in bond expenditures for each project by Summary Account. The projects are organized by type (New Campuses, Special Day Classroom Additions, Modernizations and Other) and are listed alphabetically by school name.

NEW = New Campus

MOD = Modernization

ADD = Addition

MU = Multi-use Room

SDC = Special Day Classroom

KIT = Kitchen

GP = Growth Portables
