Introduction

San Bernardino High School

On March 2, 2004, the voters of the San Bernardino City Unified School District approved Measure T by a yes vote of 61.4%. Measure T provided for capital facilities bonds in the amount of \$140 million. Bond funds are being used in conjunction with available State bond and local funding to maximize the number of projects that can be accomplished. The Measure T bonds were planned to be issued in five separate series. As of this report, all five of the series have been issued. The first series, Series A, was sold in September 2004 and was used primarily to pay off Certificates of Participation used to construct school facilities. Series B was sold in May 2006, Series C was sold in May 2007 and Series D and E were sold in March 2011 to fund new campuses, modernizations, SDC additions and other facilities upgrades and held as capitalized interest for the Qualified School Construction Bonds (QSCB) sold by the District.

On November 6, 2012, voters passed Measure N - the San Bernardino City Unified School District Student Safety and School Repair Measure. Measure N will provide bonds in the amount of \$250 million and passed overwhelmingly with over 69% of the vote. Measure N will provide improved educational opportunities by repairing and replacing leaky roofs, deteriorating classrooms, fire alarms security/electrical systems and removing asbestos as well as updating classroom technology, science labs and vocational education programs.

This report summarizes the spending of both Measure T and N Bond funds since Measure T's inception in 2004 through September 30, 2013. Information reported may be subject to change as fiscal year Proposition 39 audits are completed.

Bond Issue Status

To date, the \$140 million of Measure T approved bonds have been sold in five series. Series A was issued for \$45 million, Series B was issued for \$68 million, Series C was issued for \$10 million, and Series D & E were issued for \$11.5 million and 5.5 million, respectively. Of the \$140 million, approximately \$25.1 million remains to be spent on active construction projects.

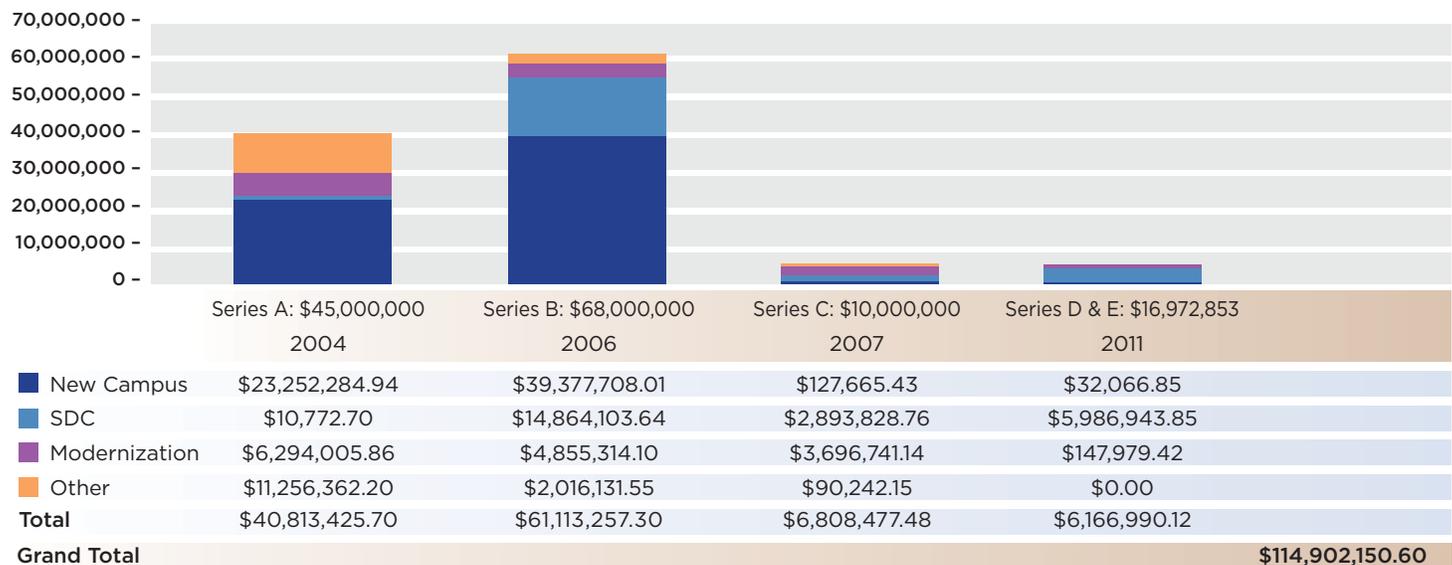

\$42.7 million of the \$250 million approved Measure N bonds have been sold in two series as of this report. Series A and B were issued in the amounts of \$30.2 million and \$12.5 million, respectively. There are no expenditures against these funds as of this report.

Bond Spending by Issue - Measure T

A total of \$114.9 million of the sold Measure T bonds has been spent as of September 30, 2013. The chart below indicates the amount spent by issue for each of the four project types (New Campuses, Special Day Classroom (SDC) Additions, Modernizations, and Other). Approximately \$62.8 million of the expenditures have been made for the New Campus projects (see project names on page 6, Bond Spending by Project and Issue).

Bond Spending by Project and Issue - Measure T

The following tables indicate a breakdown of the \$114.9 million in bond expenditures for each project type (New Campuses, Special Day Classroom Additions, Modernizations and Other) by bond issuance and are listed alphabetically by school name. Bond funds were expended for more than one hundred projects. In many cases, these bond expenditures have been leveraged against matching funds from the State and local Developer Fees.

Bond Spending by Project Type - Measure T

The \$114.9 million of bond expenditures have been made for New Campuses, Special Day Classroom Additions, Modernizations and other small projects such as lunch shelters, multi-use room site improvements, and growth portables. Most of the expenditures have been made for New Campus projects at 54.6% (\$62.8 million) of the total funds spent with the balance of expenditures spread across the remaining three project types.

■ New Campus	\$	62,789,725.23	54.65%
■ SDC	\$	23,755,648.95	20.67%
■ Modernization	\$	14,994,040.52	13.05%

Bond Spending by Summary Account - Measure T

The Bond Spending by Summary Account chart illustrates the \$114.9 million of bond expenditures by the Summary Accounts established by the Office of Public School Construction. These four standard cost categories include:

- Site
- Construction
- Planning
- Other

Most of the expenditures have been made for Construction at 77% (\$88.5 million) with the other expenditures totaling \$26.4 million combined.

■ Site	\$	14,799,457.03	12.87%
■ Planning	\$	11,605,226.66	10.11%

Bond Spending by Project and Summary Account - Measure T

The table below indicates a breakdown of the \$114.9 million in bond expenditures for each project by Summary Account. The projects are organized by type (New Campuses, Special Day Classroom Additions, Modernizations and Other) and are listed alphabetically by school name.

Project Key

NEW = New Campus

MOD = Modernization

ADD = Addition

MU = Multi-use Room

SDC = Special Day Classroom
