**LIST OF PROPOSED SUBCONTRACTORS**

In compliance with the Subletting and Subcontracting Fair Practices Act (Public Contract Code commencing at Section 4100) and any amendments thereof, each Bidder shall set forth below:

- (a) The name and the location of the place of business of each subcontractor who will perform work or labor or render service to a prime contractor in or about the construction of the work or improvement, or a subcontractor licensed by the State of California, who, under subcontract to a prime contractor, specially fabricates and installs a portion of the work or improvement according to the Contract Documents in an amount in excess of one-half of 1 percent of the prime contractor's total bid.

Any information requested by the officer, department, board or commission concerning any subcontractor who the prime contractor is required to list under this subdivision, other than the subcontractor's name, description of work, and location of business, may be submitted by the prime contractor up to 24 hours after the deadline established by the officer, department, board or commission for receipt of bids by prime contractors.

- (b) The portion of the work which will be done by each subcontractor.

The prime contractor shall list only one subcontractor for each such portion as is defined by the prime contractor in this bid.

If a prime contractor fails to specify a subcontractor or if a prime contractor specifies more than one subcontractor for the same portion of work to be performed under the contract in excess of one-half of 1 percent of the prime contractor's total bid, he shall be deemed to have agreed that he is fully qualified and licensed to perform that portion himself per the requirements of the Information for Bidders, and that he shall perform that portion himself.

No prime contractor whose bid is accepted shall:

- (a) Substitute any subcontractor,
- (b) Permit any subcontractor to be voluntarily assigned or transferred or allow it to be performed by anyone other than the original subcontractor listed in the original bid, or
- (c) Sublet or subcontract any portion of the work in excess of one-half of one percent of the prime contractor's total bid as to which his original bid did not designate a subcontractor, except as authorized in the Subletting and Subcontracting Fair Practices Act.

Subletting or subcontracting of any portion of the work in excess of one-half of one percent of the prime contractor's total bid as to which no subcontractor was designated in the original bid shall only be permitted in cases of public emergency or necessity, and then only after a finding reduced to writing as a public record of the authority awarding this contract setting forth the facts constituting the emergency or necessity. A prime contractor violating any of the provisions of Public Contract Code Section 4100 et seq. shall be deemed to be in violation of this contract and the DISTRICT may exercise the option, at its own discretion, of (1) canceling the contract or (2) assessing the prime contractor a penalty in an amount of not more than ten percent (10%) of the amount of the subcontract involved.

Prime Contractors bidding this work shall require, pursuant to Public Contract code article 4108, all subcontractors providing labor and materials in excess of \$100,000.00 to supply an original signature and fully executed 100% Faithful Performance and 100% Payment Bond. All prime contractors bidding on this work must specify this requirement for subcontractor bonds in their written or published request for subcontractor bids. Failure to comply with this requirement shall not preclude contractor from complying with the subcontractor bonding requirements.

Bonds are required for each specification section or combination of sections which exceed(s) the limit listed above.

The practice of issuing separate purchase orders and/or subcontracts for the purpose of circumventing the subcontractor bonding requirement shall not serve to exempt the Contractor from these requirements.

No payments, except for a reimbursement payment to the Prime Contractor for the cost of the Prime Contractor's own Faithful Performance and Payment Bonds, shall be made to the Prime Contractor until the Prime Contractor provides the aforementioned subcontractor bonds to the DISTRICT.
