Bond Overview

On March 2, 2004, the voters of the San Bernardino City Unified School District approved Measure T by a yes vote of 61.4%. Measure T provides for capital facilities bonds in the amount of \$140,000,000.00. The bond language requires the establishment of a Citizens' Oversight Committee (COC).

Measure T Bond projects include: building new neighborhood elementary, middle, and high schools and facilities; repairs, upgrades, expansions and modernizations of existing schools and facilities; and paying off existing capital facility lease obligations to reduce costs and save money. Bond funds will be used in conjunction with available State bond funding to

maximize the number of projects that can be accomplished. Projects are prioritized as State and Bond funds become available. The Measure T bond has been sold in five series. The first series was sold in September 2004, and was used primarily to pay off Certificates of Participation used to construct school facilities projects. The second series was sold in May 2006, the third series was sold in March 2007, and the fourth series was sold in March 2011 to fund new campuses, modernizations and Special Day Classroom additions. The fifth series was also sold in March 2011 and was held as capitalized interest for the Qualified School Construction Bonds (QSCB) sold by the District.

Proposition 39 Requirements

Proposition 39 makes both constitutional and statutory changes to the current laws governing school facilities funding in California. Proposition 39 requirements include the following restrictions:

- Property tax must be a maximum of \$60.00 per \$100,000 in assessed valuation
- A list of projects must be provided to the voters in the ballot measure
- A Citizens' Oversight Committee must be established and operational

- An annual report from the COC to the Board
- Annual financial audit
- Annual performance audit
- The membership of the COC must include at least five members of the following categories: parent, parent/member of PTA/PTO, business representative, member of a senior citizen organization, and member of a bona fide taxpayer organization
- A website of the COC must be maintained

Citizens' Oversight Committee

The San Bernardino City Unified School District Measure T-2004 Proposition 39 Bonds Citizens' Oversight Committee is legally charged under Education Code Sections 15278, 15280, 15282, and the California Constitution, Article 13A, Section 1, with direct taxpayer review of the Bond measure endorsed by the voters and with informing the public about the expenditures of the Bond proceeds to ensure that the spending decisions made by elected officials conform with that measure. The committee is not granted any powers to determine how bond proceeds are spent.

The Citizens' Oversight Committee is charged with the following purposes under Proposition 39:

1. To verify that projects funded with bond proceeds were permitted under the projects list submitted to voters (or available to voters if not reprinted in the Voter Handbook) at the time of election.
2. To review the annual financial audit and performance audit maintained under Proposition 39.
3. To review the annual list of deferred maintenance projects.
4. To conduct on-site inspections of projects to verify performance of contractors on an as needed basis.
5. To request that the District provide information on cost saving methods of design or construction that relate to any of the proposed projects.
6. To publicize the results of the findings of the Committee in order to inform the public of the status of the bonds and the proposed projects.
7. To evaluate the applicability of "reusable" designs for schools financed with Bond proceeds.

After an application process, Citizens' Oversight Committee members are appointed by the Board. Since inception of the Citizens' Oversight Committee in September 2004, the following community members have served:

2004 General Obligation Bonds, Series C

On March 1, 2007, the District issued \$9,997,217 of 2004 General Obligation Bonds as Series C. This was the third series of the authorized bonds to be issued under the measure as approved by voters. Proceeds from the sale of the bonds are being held as capitalized interest for the Qualified School Construction Bonds (QSCB).

2010-2011 Audit Reports

In accordance with Proposition 39, a performance audit and financial audit was performed by the independent auditor firm of Vicenti, Lloyd and Stutzman, LLP. The performance audit confirmed that the San Bernardino City Unified School District has properly accounted for the expenditures of the funds held in the Bond Building Fund and that such expenditures were made on authorized bond projects. Further it was noted that the funds held in the Bond Building Fund and expended by the district were not expended for salaries of school administrators or other operating expenditures.

The financial audit confirmed that the financial statements for fiscal year ending June 30, 2011, presented fairly in all material respects, the financial position and results of operations for the San Bernardino City Unified School District as of June 30, 2011, in conformity with accounting principles generally accepted in the United States of America. There were no findings nor questioned costs related to the financial audit of the Measure T Building Funds for the year ended June 30, 2011.

Bond Spending by Project and Issue

The table below indicates a breakdown of \$110.2 million in bond expenditures for each project.
