

**RESPONSE TO REQUEST FOR BID INFORMATION,
CLARIFICATIONS AND ADDENDA
RFQ 136 ASBESTOS, LEAD AND HAZARDOUS MATERIALS CONSULTING
SERVICES
JUNE 3, 2013**

Q1: Regarding the requirement for completing three asbestos and/or lead containing projects performed within the last 3 years, can project experience in lieu of "California school districts" be submitted for:

1. Relevant projects with the same scope of services for entities such as State of California DGS Schools for the Deaf and Blind?
2. Relevant projects for other large projects with the same exact scope of services (i.e. asbestos, lead containing paint, and hazardous materials/universal waste)?

A1: Firms are to provide experience and reference according to the RFQ requirements.

Q2: The Local Business Participation requirement (Item F, Page 6) describes the District's desire to see how consultants plan to include local businesses who could benefit from the work outlined in this RFP. Is a list of local businesses participating in the SBCUSD Local Business Outreach Program available to consultants to contact local businesses for teaming and sub-consulting opportunities? If so, how can consultants obtain this list?

A2: Attached is a list of local businesses that have registered with the District through the Local Business Outreach Program. The District does not endorse or recommend any of the businesses listed. Likewise, below is the link to the San Bernardino Area Chamber of Commerce: (<https://secure.sbcity.org/websearch/>) for a current list of businesses that are in good standing with the Chamber.
