XI. GENERAL TERMS AND CONDITIONS

A. Local Businesses Participation

The District is vitally interested in promoting the growth of small and local businesses within the boundaries of the District and the cities of San Bernardino and Highland by means of increasing the participation of these businesses in the District’s purchase of goods and services. The District requires that at least ten (10) percent of all contracts for these services be set aside by the selected respondent(s) for local businesses. A locally owned business, for purposes of satisfying the locality requirements of this provision, is one which holds a valid business license issued by the City and where the owner maintains an office. The respondent will be required to certify on the invoices the names of local businesses utilized in any and all District assigned work.

B. District Obligation

Receipt of qualifications/proposals and responses to this RFQ does not obligate the District in any way. The District reserves the right to accept or reject any or all qualifications, to waive any irregularities or informalities in the respondent’s submission or in the RFQ process.

C. Award of Contract

This RFQ implies no obligation to award contracts to any respondent. If it is in the best interest of the District, the District retains the sole and absolute right to select the respondent that best meets the District requirements. The award is subject to acceptance by the Governing Board of the San Bernardino City Unified School District.

D. Approval to Start Work

The successful respondent(s) may be assigned work once a Master Services Agreement has been fully executed and approved by both parties and all appropriate documentation has been received and approved by the District. The District shall not be responsible for work done, even in good faith, prior to approval of the agreement and issuance of an Assignment of Project (AOP) by the District.

E. Ownership of Documents

All qualifications and materials submitted in response to this RFQ shall become the property of the District and shall be considered a part of Public Records, unless exempted by law. In addition, all designs, drawings, specifications, notes and other work developed in the performance of any services resulting from this RFQ shall be the sole property of District and may be used by District for any purposes without additional compensation to the selected respondents. Selected respondents agree not to assert any rights or to establish any claim under the design patent or copyright laws.

F. Joint Ventures

Where two or more respondents desire to submit a single response to this RFQ, they should do so on a prime-subcontractor basis rather than as a joint venture or informal team. The District intends to contract with a single respondent and not with multiple respondents doing business as a joint venture.

G. Assignment

If a contract is issued to the successful respondent(s), the contract shall not be assignable in whole or in part without written consent of the District. It is the policy of the District to withhold consent from proposed assignments, or subcontracts when such transfer of responsibility would operate to decrease the District's likelihood of receiving performance on the contract. The District does not normally object to the granting of assignments for financial purposes, provided that the original respondent retains all of its responsibilities and obligations under the contract. In the event of any assignment hereunder to which the District has consented, each such assignment shall contain a provision that further assignments shall not be made to any third or subsequent party without any additional written consent of the District.

H. Respondent's Power and Authority

The respondent warrants that it has full power and authority to grant the rights herein granted and will hold the District hereunder harmless from and against any loss, cost, liability, and expense (including reasonable attorney fees) arising out of any breach of this warranty. Further, respondent declares that it will not enter into any arrangement with any third party, which might abridge any rights of the District under this contract.

I. Disputes

If a dispute arises among the parties hereto, the parties agree first to try in good faith to settle the dispute among them via agreement and thereafter by mediation administered by the American Arbitration Association under its Commercial Mediation Rules before resorting to litigation. All parties shall share the costs of any mediation proceedings equally.

J. Fingerprinting

Per the provisions of the Education Code Section 45125.1, the District has a zero tolerance for all respondents having any contacts with students without any clearance from the State Department of Justice. All personnel assigned to any duties on active and occupied school sites shall comply with the fingerprinting clearance law prior to providing services at the school sites. See Sample Master Services Exhibit "B" for additional information on fingerprint and criminal background check certification requirements.
