Request for Information and Clarifications for Submitted Questions

Q1. I checked the RFP and the website, but only saw the list of schools in scope. Can you please provide information regarding the number of units, number of filters, and the number of classrooms at each site? That will allow us to make the most accurate bid for this work.

A1. Please see attached list (Pages 3 - 9)

All information provided on the attached list will need to be verified by the selected vendor.

Q2. Do you have a list of HVAC equipment?

A2. Please see attached list (Pages 3 - 9)

All information provided on the attached list will need to be verified by the selected vendor.

Q3.Do you have as-built drawings showing which unit serves which space? Mechanical drawings with equipment schedules and floor plans are best.

A3. Not available at this time.

Q4. CalSHAPE wants calculations for filter replacement related to pressure drop verification. Since filter replacements are not included in this RFP, will this be an add after the initial phase?

A4. This will be available at the next phase.
